Annual
Report
2018

Corvallis
Public Schools
FOUNDATION

Investing in students.
Inspiring a lifetime of learning.

IMPACT

In 2018

150
elementary school students
went home every Friday with
a backpack full of food to
sustain them through the
weekend

210
students
experiencing
homelessness
received support

464
students enrolled in
summer programs

High school students
earned
145
half-credits toward
graduation over the
summer

5004
students benefited from
Learning Enrichment
Grants

Thanks to the generosity of our donors, this year over \$700,000 in contributions supported school enrichment programs and advanced the work of the Corvallis Public Schools Foundation in three critical areas:
Graduation Rates • Learning Enrichment • Educational Access

Graduation Rates

Your contributions enabled us to invest nearly \$70,000 in boosting school success through summer programs, tutoring, real-world learning, and preparatory programs for college and career.

- **Kindergarten Academy** - In August, 78 incoming kindergartners from eight elementary schools participated in this pilot program. Emphasizing social and emotional learning, Kindergarten Academy was geared primarily toward emerging bilingual students and those with limited preschool experience.
- **High School Credit Recovery** - Summer programs gave students a critical opportunity to get "back on track" for graduation, contributing to the district's steady increase in graduation rates from 67 percent to 85 percent over the past five years.
- **AVID** - Students in this elective program were prepared for success in high school, college, and future careers.
- **Woodshop Palooza** - The high schools hosted this week-long woodshop program geared toward 6th grade girls.

“Kindergarten Academy helped with feeling comfortable in the classroom and making new friends. My son told me **‘I like it and I feel good in my school.’**”

— Kindergarten Academy participant

Photograph provided by Amanda Loman

“My favorite part was using power tools. It made me feel super awesome and strong. **This program changed my life!**”

— Linus Pauling 6th grade
Woodshop Palooza participant

“Your donations helped my family throughout our homelessness. They provided us with toilet paper, food, gas vouchers and transportation to and from school. **We would not have been as successful without this consistent support.**”

— Destiny, Class of 2018

“**Education** is not the filling of a pail,
but **the lighting of a fire.**”

— William Butler Yeats

Learning Enrichment

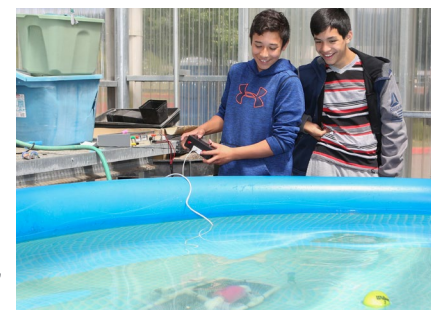

Your donations funded 33 Learning Enrichment Grants totaling \$41,000 across all 13 schools. These grants engage and inspire students through innovative programming. For a complete listing of grants, please visit cpsfoundation.org. Here is a glimpse:

STEM (Science, Technology, Engineering and Math)

Linus Pauling Middle School students built underwater remotely operated vehicles and simulated real-world tasks.

“Thank you so much for the generous grant. We all loved making robots! **It was a great experience where we learned lots of skills.**”

— Naomi, 7th grade,
Linus Pauling Middle School

Sustainability

Mountain View Elementary School fourth graders established an indoor tower garden.

“Have you ever been to a salad party? It's where you get a bunch of lettuce and toppings and invite people to come eat the wonderful food you made. Now that you know how to do it, **try it and love it.**”

— Gideon, 4th grade, Mountain View Elementary School

Literacy

Garfield Elementary School launched Lucha Libros, a Spanish reading program modeled after Oregon Battle of the Books (OBOB).

“**That made my heart go fast!** I'm going to do it next year when I'm in third grade.”

— Garfield Elementary School
2nd grade student, after
watching Lucha Libros

Service Learning

Wilson Elementary School students engaged in service learning at the Regent Retirement Community.

“Thanks for bringing the kids to The Regent enough times that they became comfortable there. **We love that you are teaching them to respect, appreciate, and interact with seniors!**”

— Parent of a Wilson Elementary School 2nd grade student

Educational Access

Your contributions enabled us to invest \$70,000 in promoting wellness and reducing barriers to education for students maneuvering difficult circumstances.

- Grants and contributions allowed our secondary schools to launch **Sources of Strength**, a youth suicide prevention project designed to harness the power of peer social networks to change unhealthy norms and culture.
- Our **Student Opportunity for Success** (SOS) fund provided a safety net for 2200 students on free and reduced lunch. Support included food, clothing, after-school care, hygiene supplies, eyeglasses, school supplies, and help with fees.
- An estimated **210 students were homeless** in our schools last year. Your donations provided assistance for students living in tents, cars, shelters, or other temporary arrangements while attending school.
