Thank you to CH2M HILL for design and printing of the Annual Report
The Corvallis Public Schools Foundation works closely with Corvallis School District leadership to provide district-wide support for students and educators. We value all students and believe that behind every successful student is a caring educator.

Other Highlights

- An anonymous gift of $20,000 was received (and matched through your donations!) to support the CPSF Student Opportunity for Success Fund and the Homeless Education fund. Both funds support students with financial hardship to cover costs such as graphing calculators, school supplies, and emergency clothes (SOS Fund). Our most vulnerable students are provided with resources for tutoring, transportation, emergency assistance, and basic hygiene items. Corvallis School District’s Family liaison Carolyn Hinds works directly with student’s families to connect them with resources so they may be successful in school.

- The CPSF Mini-Grants program funded a wide variety of projects in arts and music, math and science, and literacy. Highlights included the funding of a number of pilot projects utilizing technology in the classroom. As class sizes grow and more students require individualized instruction, tools like iPads and other digital technology are becoming more important to support student learning.

Financial Summary – Balance Sheet

Revenues

- Individual donors comprise the greatest percentage of contributors to the CPSF.
- Parents are joining forces to fundraise for school programs and priorities.
- CPSF also receives donations from individuals who wish to support district-wide funding needs and the programs of the CPSF.
- The Foundation works hard to make every donated dollar count.

Financial Highlights
The Corvallis School District grappled with a $4.5 million gap in funding for the 2012/13 school year, and our state and community continues to be impacted adversely by the economy. Public schools are challenged to find ways to deliver excellence in the classroom with continued downward pressure on state funding for education. With that as the backdrop, donors stepped up in 2012 to contribute nearly $565,000 to the public schools through the CPSF. Our donors include parents, alumni, local businesses, community members, and granting foundations.

Operating Highlights
The CPSF Board of Trustees hired new leadership last year and with then operational changes have been underway. The CPSF is committed to operate with our values at the center of all that we do. Our values include transparency, integrity, public trust, teamwork and community.

Looking Ahead
The CPSF Board of Trustees has embarked on a discovery process to understand the current needs and priorities of our K-12 schools with the objective to focus fundraising efforts on projects that will have the greatest impact. We will be reaching out to stakeholders including teachers, parents, business leaders, and community members. We welcome you to the conversation!

Brenda VanDeveilder
Executive Director

TO OUR DONORS

Making a Difference in our Schools: 2012 Annual Report

Strategic Highlights
We are grateful for the strong support of donors who share our commitment to provide resources to Corvallis public schools. Your gifts have made the difference in so many ways by funding an elementary art teacher, supporting tutoring programs for students at risk of not staying on track to graduate, and providing resources for the performing arts, sports, and other extracurricular school programs.

Financial Highlights
The Corvallis School District grappled with a $4.5 million gap in funding for the 2012/13 school year, and our state and community continues to be impacted adversely by the economy. Public schools are challenged to find ways to deliver excellence in the classroom with continued downward pressure on state funding for education. With that as the backdrop, donors stepped up in 2012 to contribute nearly $565,000 to the public schools through the CPSF. Our donors include parents, alumni, local businesses, community members, and granting foundations.

At many of our schools, parent volunteers work hard to coordinate school fundraising and we are proud to be the fiscal agent and steward of this work. There is tremendous research that tells us that parent engagement is the greatest factor of success for students. We also recognize that parent engagement is a huge factor in fundraising at individual schools and we are grateful to them for sharing their time and talent!
